SAMPLE DATA. Invented for the Lemmatrix sample database: no real person, place or institution.

University of Wagandha

Department of Language Documentation

Informed consent: recording the Sample language (LXX, Sample variety VXX)

Researcher: Joshua J Alexander (JJA)
Participant: Dzosho Mofo Lakanoro (DML)
Place: Nowhero, Whero State, Wagandha
Funded by: University of Wagandha

The researcher has explained, in a language I understand, that this project records words, sentences and stories in my language so that they can be studied and kept for the future. I understand that taking part is my choice, that I may stop at any time, and that I may ask for my recordings to be withdrawn.

☒ I agree to be recorded saying words, sentences and stories.
☒ I agree that my name may be given with the recordings and the data (*identifiable*).
☒ I agree that my recordings may be shared with other researchers and in an archive (*audio sharing*).
☒ I agree that the transcriptions and translations may be published.
